

Classic Motor Racing 118

Precautions

• This disc contains software for the PlayStation®2 computer entertainment system. Never use this disc on any other system, as it could damage it. • This disc conforms to PlayStation®2 specifications for the PAL market only. It cannot be used on other specification versions of PlayStation®2. • Read the PlayStation®2 Instruction Manual carefully to ensure correct usage. • When inserting this disc in the PlayStation®2 always place it with the required playback side facing down. • When handling the disc, do not touch the surface. Hold it by the edge. • Keep the disc clean and free of scratches. Should the surface become dirty, wipe it gently with a soft dry cloth. • Do not leave the disc near heat sources or in direct sunlight or excessive moisture. • Do not use an irregularly shaped disc, a cracked or warped disc, or one that has been repaired with adhesives, as it could lead to malfunction.

Health Warning

For your health, be sure to take a break of about 15 minutes during every hour of play. Avoid playing when tired or suffering from lack of sleep. Always play in a well-lit room, sitting as far from the screen as the cord will allow. Some people experience epileptic seizures when viewing flashing lights or patterns in our daily environment. These people may experience seizures while watching TV pictures or playing video games. Even players who have never had any seizures may nonetheless have an undetected epileptic condition. Consult your doctor before playing video games if you have an epileptic condition or immediately should you experience any of the following symptoms during play: dizziness, altered vision, muscle twitching, other involuntary movements, loss of awareness of your surroundings, mental confusion, and / or convulsions.

PIRACY

The unauthorised reproduction of all or any game part of this product and the unauthorised use of registered trademarks are likely to constitute a criminal offence. PIRACY harms Consumers as well as legitimate Developers, Publishers and Retailers. If you suspect this game product is an unauthorised copy, or have any other information about pirate product, please call your local Customer Service number given at the back of this Manual.

See back page of this manual for Customer Service Numbers.

Pan European Games Information (PEGI) Age-Rating System

The PEGI age-rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE it is not a guide to gaming difficulty. Comprising two parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:-

The second is icons indicating the type of content in the game. Depending on the game, there may be a number of such icons. The age-rating of the game reflects the intensity of this content. The icons are:-

VIOLENCE

BAD LANGUAGE

FEAR

SEXUAL CONTENT

DRUGS

DISCRIMINATION

SETUP

Set up your PlayStation®2 computer entertainment system according to the instructions in the instruction manual. Make sure the MAIN POWER switch (located on the back of the console) is turned on. Press the /RESET button. When the  indicator lights up press the  button and the disc tray will open. Place the Classic British Motor Racing™ disc on the disc tray with the label side facing up. Press the  button again and the disc tray will close. Attach game controllers and other accessories, as appropriate. It is advised that you do not insert or remove accessories once the power is on. Follow on-screen instructions and refer to this software manual for information on using the software.

MEMORY CARD (8MB) (for PlayStation®2)

Classic British Motor Racing™ supports memory card (8MB) (for PlayStation®2) in any available MEMORY CARD slot on the console. To save game settings and progression, insert a memory card (8MB) (for PlayStation®2) into any available MEMORY CARD slot. Classic British Motor Racing™ features an AutoSave system, and the game will automatically save your game progression at certain points. Insertion or removal of the memory card (8MB) (for PlayStation®2) after switching the console on may cause data to be overwritten or lost. Classic British Motor Racing™ also supports manual save and load of game data from the Main Menu, and after performing a manual save / load the game will again AutoSave your progression at the relevant points. Make sure there is enough free space on your memory card (8MB) (for PlayStation®2) before commencing play.

INTRODUCTION

Buckle up and get ready to race one of 13 vintage British Motors around the country lanes and hazardous big city centre, as you try to beat off the competition and prove you're the best Classic Car driver there is!

Choose one of the 13 vehicles, each complete with a choice of 3 beautiful paint jobs and get ready to race around 6 unique race tracks, set in the countryside and also in central London!

Race for victory in single player mode or get together with a friend in crazy multi-player action!

CONTROLS

Classic British Motor Racing™ uses the analog controller (DUALSHOCK®2), which will default to ANALOG (mode indicator: red) on boot-up. The controls are:

Accelerate = the  button

Handbrake: = the  button

Brake/Reverse: = the  button

Steering = the directional buttons or left analog stick

Change view = the L1 button

Rear View = the L2 button

Pause Game = the START button

MAIN MENU

Play Game - Upon selecting this option, you will be asked to select a difficulty setting, a game mode and a race vehicle. A second player may also choose a vehicle at this stage by pressing their 'Accelerate' key (not possible in Time Trial mode). For further details, please see the 'Qualification' section of this manual. Note, the some game modes and race vehicles are not available initially, please see the next section “game modes” for more details on how to unlock these options.

Options - This menu is where you will find the game options. For further details, please see the 'Options' section of this manual.

Save & Load - This option will take you to the Classic British Motor Racing™ load and save options. Here you can manually load or save your game progress.

Credits - This menu is used if you want to look at the talented people at Data Design Interactive, who put Classic British Motor Racing™ together. See the 'Credits' section of this manual for a more detailed breakdown.

During the Classic British Motor Racing™ menus, at the very bottom of the screen exists a context sensitive 'help-bar' which shows the player how to navigate the menus. It illustrates exactly what action will occur upon pressing each button and changes as necessary to reflect the menu status of each screen and situation.

QUALIFICATION

There are 13 cars in Classic British Motor Racing™ – and before any can be used in Single Race or Challenge modes, they must first be qualified. This is achieved by selecting that vehicle in Time Trial mode and completing a lap on any of the tracks within a time limit. The time required ticks down as soon as the lap begins, and will start to flash when there is only 10 seconds remaining. If it starts to flash red, then the time has been exceeded.

Once you have done this successfully with one vehicle, Single Race and Challenge modes will be unlocked (but only one vehicle will be available therein). To make more vehicles available, you must qualify them first in Time Trial mode. You will need to qualify at least two vehicles in order to play a 2-player race. The mystery 13th vehicle becomes available only once the other 12 vehicles have been qualified.

GAME MODES

There are 3 modes of play to choose from when playing Classic British Motor Racing™ (see below for details of each).

Single Race - In 'Single Race' mode, the player(s) simply choose a vehicle, select a track and then it's time for action.

Time Trial - This game mode is used initially to qualify vehicles for other game modes (as described in the section above), however, even after qualification has been achieved, it is useful for racing alone on any of the tracks – this is good for learning how fast you can take each corner, where the racing line is, and gauging improvement in your performance. After you have completed a lap, a ghost vehicle appears, and will continue to show the route taken on the fastest lap of the session. Your best, last and current lap times are displayed in the bottom left corner of the screen.

Challenge - Challenge Cups consist of four-stage competitions. Two of the three cups are locked initially, but will unlock in sequence when the preceding cup is won. At the end of each Grand Prix stage, players receive points according to their finishing position:

1st = 10 points; 2nd = 8 points; 3rd = 6 points; 4th = 5 points;

2 points are also awarded to the driver with the fastest lap time.

Every time one of the four stages in a cup is completed, the finishing positions are shown, and the fastest lap time is displayed next to the player who achieved it. The next screen displays the cumulative running total scores and cup standings are then shown so the player(s) know what they need to achieve in order to be successful overall.

OPTIONS

How To Play - This option takes you to a comprehensive explanation of features found in Classic British Motor Racing™, what they all mean, how they affect the game and what to look out for!

Controller - Upon selecting this option, the player can remind himself/herself which buttons do what on the controller.

Sound - Here the user will be able to set the volume levels for sound FX and the global sound volume. These settings are stored when you save your game.
